## **DIVORCE | CUSTODY | POST JUDGMENT MODIFICATION AND ENFORCEMENT**

As the daughter of Jewish immigrants, I learned the importance of perseverance, self-advocacy, and integrity. I knew at a very young age that I wanted to be a lawyer – the strong voice for those in need. I faced many obstacles throughout my pursuit of becoming an attorney. My passion, commitment, fearlessness, and appropriate use of chutzpah allowed me to achieve my dream and zealously represent my clients over the past 28 years.

*“Within a few minutes of my initial meeting with Ms. Benson, I felt so comfortable. She is personable, empathetic, and takes the time to get to know you and to understand the family dynamic. Ms. Benson is brutally honest and very direct. She is someone you are thankful to have on your side and she will fight with vengeance to protect you and your best interests. Ms. Benson secured my financial future and helped me find my own strength.”*

Protect yourself, your children, and your financial future.
